

FRED

Fanboy FRED comes off like a laid-back dude with no direction. But this sign-twirling, monster-loving, comic-book aficionado is sure to go places—when he’s good and ready. For example, Fred doesn’t hesitate to join “Big Hero 6,” and he has a lot of ideas for his super-hero skillset, too. His ferocious, fire-breathing alter ego comes complete with claws, integrated communications and a super bounce. But his sign-spinning experience as a mascot may still come in handy.

T.J. Miller helps bring Fred to life. “He’s a real student of comedy,” says director Chris Williams of Miller. “There are a lot of layers to his performance, so Fred ended up becoming a richer character than anyone expected.”
